## A RICH HISTORY

The building at 102 Watson Street has a rich history dating to the 1870's. It was at various times a saloon, a battery shop, a piano and music store, and an ice cream shop. In 1959, the space was a restaurant named Mill's Grill, which later became the Maple Lunch Restaurant, then the Hopp Inn Restaurant, and finally, in the 1970s, Gus's Pizza Palace.

Roadhouse Pizza got its start in Fond du Lac and was brought to 102 Watson in Ripon in 1978. In 2010, the restaurant was renovated and expanded to include the 104 Watson street building, creating two floors of bright and beautiful space. Historic architectural features and the iconic wall mural were preserved while renovating the buildings and more than doubling the seating capacity, including the addition of outdoor patio seating downstairs and an upstairs deck.

### Yet the most important things have not changed:

Roadhouse is still using its signature recipes and still offering the friendly neighborhood atmosphere that patrons have valued since 1978.
